*"The hospitality cart at Ogden Regional has been absolutely wonderful. We have a dedicated employee who takes the cart around our hospital and offers items to our patients and their families. Not only is she warm, caring and approachable, but she really helps our families feel comforted and welcome – which is very important when their child is sick. The Hospitality Cart has been a great success here at Ogden Regional and we are extremely grateful to the Ronald McDonald House Charities for their dedication to serving our patients and their families."*

*– Tiffany Burnett, Assistant Administrator, ORMC*
